Northern Lights Science Learning Partnership is a partnership between Northern Lights Teaching School Alliance and STEM Learning.

We are the Science Learning Partnership for North Western Yorkshire and York covering the areas of Craven, Selby, Harrogate, Richmondshire, Hambleton, Bradford and York

STEM Learning is the largest UK provider of subject-specific CPD for teachers and technicians.

The Science Learning Partnerships (SLPs) combine local expertise in teaching and learning in science, facilitating CPD, and providing school-to-school support.

Northern Lights Science Learning Partnership can provide your school with high quality Science CPD which can be tailored to meet your needs.

We can offer:

- ▶ For both primary and secondary
- ▶ CPD delivered within schools or clusters of schools
- ▶ One to one support for Science subject leaders
- ▶ Support for your Science department or teachers to move to good or outstanding
- ▶ Support for teachers of Science at every stage of their career
- ▶ Professional development for outstanding practitioners in local delivery of CPD
